Action Taken Report on Student Feedback Obtained in Mentor-Mentee Meeting

A meeting of the Internal Quality Assurance Cell (IQAC) was scheduled on 30/9/2022 to address the concerns raised by the student in the Mentor-Mentee meeting taken on 22/09/2022 at 12.30pm to 1.30 pm.

This report outlines the decisions taken based on the suggestions received, at the Mentor-Mentee meeting.

- Most of the issues were regarding toilet facilities for students.
 - The issue has been brought to the notice of the Building Maintenance Committee which asked to write a letter to PWD for the repair & replacement of broken taps and toilet sheets. In addition, the sweepers were directed to clean the bathrooms at least twice a day to maintain hygiene and cleanliness.
- Another important issue raised is about the seating furniture in classrooms.
 - The issue has been taken by the Hon'ble Principal who ensured that the newly received benches will be installed in the classroom within 1-2 days.
- Many of the students demanded the organization of a trip/tour once a year.
 - The demand has been noted and the tour in charge was informed to schedule a one-day tour for final-year students.
- Another issue raised by the students regarding the water coolers.
 - The issue has been already resolved as 03 watercoolers were repaired last week.
